

## *It's all coming Together*

You've got a date, a location, a guest list and things are starting to shape up. With every detail you work to create a magical atmosphere. You plan for the beautiful memories and a few hours when all that matters is celebrating and enjoying the company of your guests.

Nothing has the power to create that kind of magical atmosphere like music.

## *Music Makes a Difference*

Music can make or break an event. The wrong music can be loud, inappropriate and inhibit conversation, becoming an obstacle to your guest's enjoyment.

The right music is a catalyst. It enhances the mood, compliments your well laid plans and draws everyone attending into a series of seamless and entertaining moments that you and your guests will never forget.

## *Getting it Right*

Each event is a unique moment in time. That is why, when it comes to planning and preparation, we like to think of each event like the opening night of a Broadway production. We make sure that your event goes down once and goes down right! Our experience and professionalism helps us to be thoroughly prepared so you can relax and enjoy your event.

## *Planning Your Event*

We meet with every client, one-on-one. We'll learn about your taste in music, discuss the mood or "theme" you want, address your concerns and work out the timing and details of the traditions and presentations you want to include in your event.

At the end of this meeting you'll get copies of all the information and plans we've discussed. That will help you to continue to plan your event. Between our experience and your creativity, we'll organize an event that everyone can relax and enjoy, **including you.**

### *Selecting the Music for your Event*

The selection of music for your event is derived from three elements: Music specific to the event; (ceremonies, traditions and presentations), Music to accompany conversation & meals and Music for dancing! We'll help you pick a blend of music that you and your guests will enjoy

We carry more than 13,000 songs to every event, on MP3 format, organized for fast access. We are happy to take requests from this diverse collection or play any special songs from your personal **iPod** you or guests provide. We also can download music for you at your event, with internet connection, through Rhapsody Music Service.

### *Quality Professional Equipment*

We own and maintain our own state-of-the-art digital system, which we've designed to produce rich room-filling sound instead of just volume. We also carry redundant equipment; extra microphones, a backup computer and Karaoke system (available upon request). We do all this to ensure your event goes off without a hitch. You can see a complete list of our equipment and see pictures at [www.magicdjs.com](http://www.magicdjs.com).

Our small, powerful system elevates and diffuses a rich, full-spectrum sound that surrounds your guests instead of blasting at them. This allows your guests to converse, enjoy the music and use the dance floor without having to avoid the speakers

## *Meet Your DJ / Owner*

DJ Pete has owned and operated Magically Yours DJs since 1989. An accomplished trumpet player, formerly with the United States Navy Band, he has over 30 years in the music industry. Since starting Magically Yours DJs, he has built a reputation for excellence and the experience needed to handle a wide variety of events.

DJ Pete belongs to a number of professional organizations including the National Association of Mobile Entertainers. DJ Pete also works regularly donates the services of Magically Yours DJs to regional charity events throughout the year.

### *Make Some Magic of Your Own!*

Happy clients are our best advertisement. We think once you've experienced some of our magic you'll want to tell a friend. To show our appreciation of your confidence in us we will reward you with \$30.00 for your first referral, \$40.00 for the second and \$50.00 for every subsequent referral. These are paid in cash or deducted from the balance of an upcoming event when your referee books with us. It's a win-win situation.

### *Services*

Magically Yours DJs can also provide the following additional services for you private or corporate event:

- **Solo Trumpet** for wedding ceremonies and Military Retirement ceremonies.
